

Medallion Tabletop Display (004)

Medallion is a tension fabric portable display system. It was designed for simplicity and value. The Medallion exhibit system is a lightweight, convenient, portable display system with multiple design possibilities. Its compact aluminum tube frame structure assembles quickly without requiring the use of tools. Uniquely attractive, washable, seamless tension fabric pillowcase graphics slip effortlessly over the frame. There are a host of very affordable and very unique, pre-packaged designs available. The system can be customized to fit your individual trade show exhibiting needs.
